

# 5 REASONS TO CHOOSE ADRIAN'S

1

## Try Before You Buy:

Adrian's ships free samples upon request right to you immediately. You can even request a variety of standard sizes and you don't have to worry about returning them!

2

## Save 50% (or More) Over Other Solutions:

Cover your whole operation for less in more ways than one! Adrian's typically costs less than traditional products, plus quick and easy installs mean less downtime.

3

## Less Time on Installation:

Balancing safety with efficiency, Adrian's products require no extra tools so you can spend more time being productive and less time on installation.

4

## Maintain NFPA Compliance:

Keep your facility in compliance with national fire codes. Adrian's premium solutions will keep your longitudinal flue space clear that keeps your sprinklers unobstructed and able to better reach any flames.

5

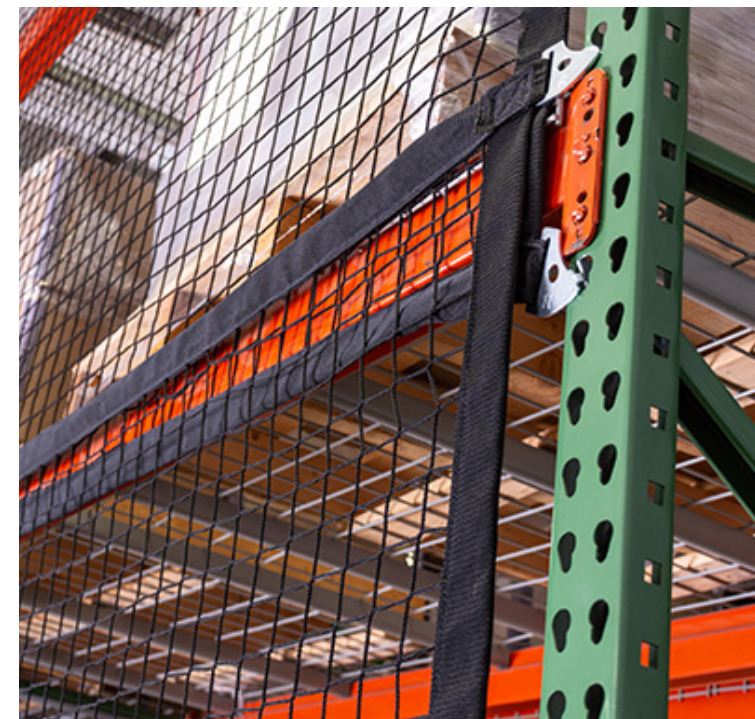

## Pallet Push-Through Prevention:

Sleep better with the push-through prevention offered by Adrian's products. Not only is there a lesser chance of falling or damaged products, but you'll also know that measures are in place to keep your employees safer, too.

We were able to install the same amount of safety netting in 30 minutes that used to take us nine hours with metal caging. We also saved thousands of dollars in the process.
